

eo **MINI PRO**

EO MINI PRO 3

**Impossibly small.
Impressively smart.**

FEATURES

Size matters: Compact and ergonomic design, same size as an A5 notepad.

Small but powerful: Charging capacity of 7kW, perfect for overnight charging.

Safe and reliable: Power balancing ready, preventing energy blackouts at home. Standard 1-year warranty.

Charge your car with sunshine: Connect to your solar panels using our net-zero solar technology.

Built-in PME: No need for earth rods with built in open PEN conductor protection.

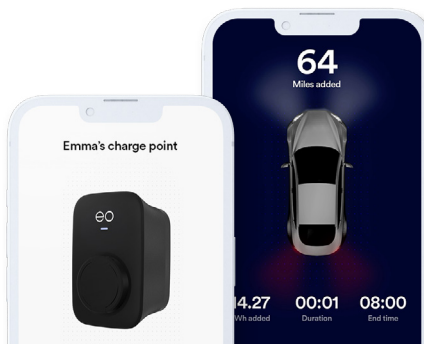

Ready for any weather: IP54 (socketed), IP56 (tethered) certified and operates in -25°C temperatures. Safe indoor or outdoor installation.
